Why Choose the Mini Keypad?

- Compatible with all hand control makes and models
- Self-cancelling indicators available on many vehicles
- All our products meet European and Worldwide regulatory standards and approvals including EMC and E & e marking and BSEN ISO 9001:2008

"Puts all the electrical controls you need whilst driving on one keypad that can easily be attached to a hand control or could be located in any convenient position e.g. on an armrest."
